Features

Standard

Activation key

The tool can only be used with the activation key. If the key is removed, the tool switches off to guard against unintentional activation. The tool can be safely stored and transported.

Soft handle

Thanks to the two-hand control device and soft handle with lever lock function and lever, the user always has the cordless blower safely under control.

Compact and ergonomic

The integrated battery cells mean that the tool is optimally balanced. The BGA is easy to handle. Its streamlined design creates plenty of room for manoeuvre.

Charge level indicator

The remaining working or charging time can be viewed at any time by pressing the button. Four LEDs light up, or flash green or red, to indicate the charging state or problems.
