Sound power level dB(A) ²⁾	91
Cutting Head Type	Autocut C 4-2
Total length cm ³⁾	1530

¹⁾ Weight excluding battery, with cutting tool and guard

²⁾ K-factor according to DIR 2006/42/EC = 2.5 dB (A)

³⁾ Without tools

Features

Standard

EC-Motor

With the EC-Motor it is possible to get 55% more power from the battery. In addition to this the motor conserves battery energy and extends the lifetime up to 70%. The motor is very light, compact and has very low wear characteristics.

Lock leaver

The Grass Trimmer has a lock lever located near the throttle switch. This prevents the motor from running unintentionally.

Loop handle

With the toggle screw it is possible to change the position of the loop handle to suit the operator without using a tool. The loop handle also reduces vibrations for improved operator comfort.

Storage hole

Located in the handle frame you will find a slot used for storing the Grass Trimmer safely onto a wall after use.

Optional

Battery charger

You can choose between two battery chargers: The AL 101 Standard Charger and the AL 300 Fast Charger which charges the AP 200 battery (55 min charging time).

Lithium-Ion battery

The powerful and reliable 160 Wh Lithium-Ion battery is the reason for the long running times. The battery is very easy to change due to the simple lock/unlock method.

Accessories

Varioclean - 500ml

Multipurpose biodegradable machine and parts cleaner. Water based, biodegradable, alkaline detergent specifically for dissolving and removing organic oil residues and for cleaning air filters and housings.
