

MSA 120 C-B Skin Only

Battery Technology, STIHL's Legendary Performance

Product

Battery Chainsaw - MSA 120
C-B - 30cm/12" - Skin Only

RRP

\$399.00
(incl. GST)

The new MSA 120 C delivers a real-world cutting experience. Cutting up to 100 logs on a single charge* It's light weight, easy to use and come fitted with STIHL safety features, such as the Swiss made chain from our specialist factory. This compact battery powered chainsaw is the result of 90 years of constant development, ground-breaking innovations and real world application. With STIHL quick chain tensioning and QuickStop Super chain brake. 1/4" PM3 saw chain for a fine cut and good cutting performance. Quiet, no ear protection needed. Without battery and charger. *Performance example usage when sawing Birch timber (10x10 cm blocks) with AK 20 Battery

Technical Details

STIHL Oilomatic saw chain pitch/type	Picco Micro 3 (PM3)
Rated voltage V	36
Weight without battery kg	2.3
Sound pressure level dB(A) ¹⁾	83
Oil tank volume cm 3	110
Sound power level dB(A) ²⁾	94
Vibration value, left m/s ^{2 3)}	3.4
Vibration value, right m/s ^{2 3)}	3.2
Bar Length cm ⁴⁾	30

Saw chain pitch

1/4"P

- 1) K-factor according to DIR 2006/42/EC = 2.5 (dB (A))
- 2) K-factor according to DIR 2006/42/EC = 2.5 dB (A)
- 3) K-factor according to DIR 2006/42/EC = 2m / s ²
- 4) Metric measure

Features

Standard

STIHL Chain Quick Tensioning (B)

The STIHL chain quick tensioning system (B) makes it very easy to tension the chain. Just release the sprocket cover and turn the knob to set the optimum tension. No tools needed.

QuickStop Super Chain Brake (Q)

The additional braking system for extra safety. Users can trigger the chain brake directly at the rear handle. The chain stops in seconds whenever the user lets go of the rear handle and whenever there is sufficiently strong kickback or when the front hand guard is activated. This unique safety feature ensures even more user protection in all working positions.

EC motor

The STIHL EC motor is extremely energy efficient, lightweight and compact. It runs quietly and generates very low vibrations, which ensures you and your machine can work comfortably for prolonged periods of time.

STIHL Ematic-System

The Ematic chain lubrication system ensures pinpoint lubrication of the saw chain links and guide bar rails. When used with STIHL OILOMATIC saw chain, it will provide maximum lubrication, longer wear and less oil consumption than conventional methods of chain lubrication. The Ematic system can reduce bar oil consumption up to 50%.

Accessories

Oil - Chain & Bar - SynthPlus - 1L

Do you question which lubricant is suitable for which cutting attachment, climate zone or type of wood? No need to puzzle over the answers with semi-synthetic STIHL chain lubricant. Our high-performance lubricant is extremely suitable for all moving saw chains. Well protected. STIHL chain lubricant effectively protects saw chains from wear. Thanks to its high temperature resistance, cutting attachments are optimally protected even from short-duration maximum thermal loads. Smoking is inhibited. Keeps on flowing. Even at temperatures down to -20° C, STIHL chain lubricant retains its outstanding flow properties. Selected additives prevent resinification of the cutting attachment and other treated parts. And you can start using the saw straight away, even after an extended idle period.

Oil - Chain & Bar - BioPlus - 1L

Particularly eco-friendly with outstanding lubrication and adhesive properties. STIHL BioPlus is derived from plants and completely decomposes in the ground within a short space of time (tested according to OECD 301 B). It has been awarded the German 'Blue Angel' ecology mark and the European Eco-Label.
