

## MSA 140 C-B Kit

Perfect for Property Maintenance with Superior Battery

Lightweight cordless chainsaw for grounds maintenance and straightforward but skilled manual jobs. 25% more cutting performance compared to the MSA 120 C-B. Soft handle, quick and convenient chain change process due to STIHL Quick Chain Tensioning, QuickStop Super chain brake, oil tank with transparent viewing window, high cutting performance due to a 1/4" PM3 saw chain. With 36V AK 30 battery and charger AL 101.

### Product

Battery Chainsaw - MSA 140 C-B -  
30cm/12" - Kit

### RRP

**\$679.00**  
(incl. GST)

### Features

## Standard

#### AL 101 charger

Charger for the STIHL COMPACT cordless power system. With operating mode indicator (LED) and cable tie with Velcro tape. The charger can be wall mounted if required.

#### AK 30 Battery

Compact lithium-ion battery for the AK battery power system with a voltage of 36 V and a capacity of 180 Wh. Battery life depends on the device type. With charge level indicator (LED). Compatible with AL 101, AL 100, AL 300 and AL 500 chargers.

#### STIHL Chain Quick Tensioning (B)

The STIHL chain quick tensioning system (B) makes it very easy to tension the chain. Just release the sprocket cover and turn the knob to set the optimum tension. No tools needed.

#### QuickStop Super Chain Brake (Q)

The additional braking system for extra safety. Users can trigger the chain brake directly at the rear handle. The chain stops in seconds whenever the user lets go of the rear handle and whenever there is sufficiently strong kickback or when the front hand guard is activated. This unique safety feature ensures even more user protection in all working positions.

#### Toolless filler cap

The tank can be filled quickly and easily using the toolless filler cap.

### PLEASE NOTE: Reserving STIHL Products

These products can be reserved online with no obligation and picked up at your local STIHL Dealer. As your satisfaction is of particular importance to us, we provide you with extensive in-store personal instruction including safe handling plus professional advice and service to ensure you get the most out of your STIHL purchase. \* Sale price and availability may vary from store to store.

#### Control handle

The soft black component on the rear control handle ensure a safe and secure grip in any situation. The control lever must be released using the lock button on the side.

---

#### EC motor

The STIHL EC motor is extremely energy efficient, lightweight and compact. It runs quietly and generates very low vibrations, which ensures you and your machine can work comfortably for prolonged periods of time.

---

#### STIHL Ematic system

The STIHL Ematic system consists of Ematic guide bar, chain and Oilomatic-chain and reduced flow rate oil pump. The special design of the bar and chain causes every drop of chain oil gets to where it is needed for lubrication. Oil consumption can be reduced by up to 50%.

---

#### Two-handled operation

The ergonomically shaped handle and rear control handle with comfortable soft-grip component ensure safe working in all operating positions.

#### Accessories

##### Oil - Chain & Bar - SynthPlus - 1L

Do you question which lubricant is suitable for which cutting attachment, climate zone or type of wood? No need to puzzle over the answers with semi-synthetic STIHL chain lubricant. Our high-performance lubricant is extremely suitable for all moving saw chains. Well protected. STIHL chain lubricant effectively protects saw chains from wear. Thanks to its high temperature resistance, cutting attachments are optimally protected even from short-duration maximum thermal loads. Smoking is inhibited. Keeps on flowing. Even at temperatures down to -20° C, STIHL chain lubricant retains its outstanding flow properties. Selected additives prevent resinification of the cutting attachment and other treated parts. And you can start using the saw straight away, even after an extended idle period.
