

MSA 160 C-B Skin Only

For Bigger Cutting Tasks and Professional Use

Product

Battery Chainsaw - MSA 160 C-B -
30cm/12" - Skin Only

RRP

\$499.00
(incl. GST)

Very handy and low-noise battery chain saw when coupled with a powerful 36V lithium-ion battery. Ideal for noise sensitive areas and inside buildings.

Technical Details

Weight without battery kg	2.7
Cutting length "	12
Cutting length cm	30
STIHL Oilomatic saw chain pitch/type	Picco Micro 3 (PM3)

Sound power level dB(A) ²⁾	95
Vibration value, left m/s ² ³⁾	2.7
Vibration value, right m/s ² ³⁾	2.9
Saw chain pitch	1/4 " P
Battery life AP 100 min ⁴⁾	up to 18
Oil tank volume cm ³	209
Rated voltage V	36

¹⁾ K-factor according to DIR 2006/42/EC = 2.5 (dB (A))

²⁾ K-factor according to DIR 2006/42/EC = 2.5 dB (A)

³⁾ K-factor according to DIR 2006/42/EC = 2m / s²

⁴⁾ Battery life times are approximate and may vary depending on application

PLEASE NOTE: Reserving STIHL Products

These products can be reserved online with no obligation and picked up at your local STIHL Dealer. As your satisfaction is of particular importance to us, we provide you with extensive in-store personal instruction including safe handling plus professional advice and service to ensure you get the most out of your STIHL purchase. * Sale price and availability may vary from store to store.

Features

Standard

Operating handle

The black soft component on the rear control handle ensures a secure and firm grip under all working positions. The shift lever has to be unlocked via the lateral lock button.

EC motor

The STIHL EC motor is extremely energy efficient, lightweight and compact. It runs quietly and generates very low vibrations, which ensures you and your machine can work comfortably for prolonged periods of time.

STIHL Ematic system

The STIHL Ematic system consists of Ematic guide bar, chain and Oilomatic-chain and reduced flow rate oil pump. The special design of the bar and chain causes every drop of chain oil gets to where it is needed for lubrication. Oil consumption can be reduced by up to 50%.

STIHL quick chain tensioning

The STIHL chain quick clamping system makes tensioning the chain easier. After loosening the screw of the sprocket, cover the chain with the overlying control wheel, which allows quick and easy clamping. A tool is not required for this.

QuickStop super function

Additional braking system for more safety - exclusively by STIHL. The chain does not stop only at kickback is sufficiently strong or active actuation of the front hand guard, but also when you release the rear handle. The overrun of the chain is stopped within seconds and protects the user.

Tool-free oil tank cap

The transparent oil tank and the tools operated oil tank cap the oil level can be easily and conveniently check.

Two-hand operation

The ergonomically shaped handle tube and the comfortable rear control handle with soft components allow a pleasant, forces gentle and safe work in all positions.

Accessories

Battery Charger - AL 300 - Quick

Quick charger for STIHL Lithium-ion batteries. With operating mode indicator and integral air cooling. The AL 300 quick charger takes 75 minutes for 100% charge of AP 300 battery. Rated voltage: 240 V.

Battery Charger - AL 500 - Super Quick

With the increase in battery capacities the new AL 500 Super Charger enables extremely rapid charging to minimise down time and allow increased productivity. Charging the AP 300 to 100% in 35 minutes and the AR 3000 backpack battery to 100% in 160 minutes the AL 500 Super Charger is aimed at the professional landscapers using the STIHL battery range. The reduced charge times make the STIHL battery power system even more desirable and allows all day working in the professional area.

Oil - Chain & Bar - SynthPlus - 1L

Do you question which lubricant is suitable for which cutting attachment, climate zone or type of wood? No need to puzzle over the answers with semi-synthetic STIHL chain lubricant. Our high-performance lubricant is extremely suitable for all moving saw chains. Well protected. STIHL chain lubricant effectively protects saw chains from wear. Thanks to its high temperature resistance, cutting attachments are optimally protected even from short-duration maximum thermal loads. Smoking is inhibited. Keeps on flowing. Even at temperatures down to -20° C, STIHL chain lubricant retains its outstanding flow properties. Selected additives prevent resinification of the cutting attachment and other treated parts. And you can start using the saw straight away, even after an extended idle period.
