

HSA 56 Kit

Neat Cutting Performance

Product

Battery Hedge Trimmer - HSA 56 -
45cm - Kit

RRP

\$429.00
(incl. GST)

Just like every tool in the compact battery range our hedge trimmer is incredibly user friendly. Can trim a hedge 140 meters long on a single charge* All you have to concentrate on is making your hedges the envy of the street. It's light weight, maneuverable, quiet (no ear protection needed), virtually vibration free and its unbelievably good at cutting hedges. Double-sided cutting blade. Innovative droplet-shaped blade geometry holds twigs more effectively in the blade. Comes with AK 10 battery and AL 101 charger as standard. *Performance example usage cutting 140m of 2 metre high hedge with AK 20 Battery

Technical Details

Weight kg ¹⁾	2.9
Bar length mm	450
Rated voltage V	36
Sound pressure level dB(A) ²⁾	80
Battery life time AK 10 min ³⁾	up to 50
Blade length	450mm/18"

¹⁾ Without battery

²⁾ K-factor according to DIR 2006/42/EC = 2.5 dB (A)

³⁾ Battery life times are approximate and may vary depending on application

Features

Standard

AL 101 charger

Charger for the STIHL COMPACT cordless power system. With operating mode indicator (LED) and cable tie with Velcro tape. The charger can be wall mounted if required.

Intermediate battery position in the device

The battery can be inserted into the device in 2 stages. In the first locking stage – the intermediate position – the battery is secured in the device but does not touch the contacts in the device. In the second locking stage – the operating position – the battery is completely inserted and touches the contacts in the device.

Blade tip protector

The tip protector comes as standard and makes cutting near the ground or along walls easier while protecting the special cutters from damage.

Double sided cutting blades

STIHL hedge trimmers with double-sided cutting blades cut both vertically and horizontally.

Two handed design

The tool is easily started by activating both switches on the loop handle and the rear handle at the same time. The cutting speed is continuously variable using the rear control – for a fine and precise cut. Especially practical: the two handed design is suited for both left-handed and right-handed users.

Hanging eye

The hedge trimmers can also be conveniently hung up on the wall with the practical hanging eye.

Accessories

PLEASE NOTE: Reserving STIHL Products

These products can be reserved online with no obligation and picked up at your local STIHL Dealer.
