

## HSA 56 Skin Only

## Neat Cutting Performance

Just like every tool in the AK battery range our HSA 56 hedge trimmer is incredibly user friendly. Can trim a hedge 140 meters long on a single charge\* All you have to concentrate on is making your hedges the envy of the street. It's light weight, maneuverable, quiet (no ear protection needed), virtually vibration free and its unbelievably good at cutting hedges. Double-sided cutting blade. Innovative droplet-shaped blade geometry holds twigs more effectively in the blade. Without battery and charger. \*Performance example usage cutting 140m of 2 metre high hedge with 36V AK 20 Battery

Battery Hedge Trimmer - HSA 56 -  
45cm-Tool

## RRP

**\$329.00**  
(incl. GST)

## Technical Details

Bar length mm	450
Weight kg <sup>1)</sup>	2.9
Rated voltage V	36
Sound power level dB(A) <sup>2)</sup>	91
Sound pressure level dB(A) <sup>3)</sup>	80
Vibration value, left m/s <sup>2</sup> <sup>4)</sup>	2.7
Vibration level, right m/s <sup>2</sup> <sup>4)</sup>	1.2
Battery life time AK 10 min <sup>5)</sup>	up to 50
Blade length	450mm/18"

<sup>1)</sup> Without battery<sup>2)</sup> K-factor according to DIR 2006/42/EC = 2.5 dB (A)<sup>3)</sup> K-factor according to DIR 2006/42/EC = 2.5 (dB (A))<sup>4)</sup> K-factor according to DIR 2006/42/EC = 2m / s<sup>2</sup><sup>5)</sup> Battery life times are approximate and may vary depending on application

## PLEASE NOTE: Reserving STIHL Products

These products can be reserved online with no obligation and picked up at your local STIHL Dealer. As your satisfaction is of particular importance to us, we provide you with extensive in-store personal instruction including safe handling plus professional advice and service to ensure you get the most out of your STIHL purchase. \* Sale price and availability may vary from store to store.

## Features

## Standard

## Intermediate battery position in the device

The battery can be inserted into the device in 2 stages. In the first locking stage – the intermediate position – the battery is secured in the device but does not touch the contacts in the device. In the second locking stage – the operating position – the battery is completely inserted and touches the contacts in the device.

## Double sided cutting blades

STIHL hedge trimmers with double-sided cutting blades cut both vertically and horizontally.

## Two handed design

The tool is easily started by activating both switches on the loop handle and the rear handle at the same time. The cutting speed is continuously variable using the rear control – for a fine and precise cut. Especially practical: the two handed design is suited for both left-handed and right-handed users.

## Hanging eye

The hedge trimmers can also be conveniently hung up on the wall with the practical hanging eye.

### Blade tip protector

The tip protector comes as standard and makes cutting near the ground or along walls easier while protecting the special cutters from damage.

## Accessories

### Safety Glasses - Vision - Clear

Very light glasses with a sporty design. Large lenses with 100% UV protection. Scratch-resistant exterior and interior. Certified to AS/NZS 1337.1
