

HSA 66 Skin Only

No Hedge Too Wide

Product

Battery Hedge Trimmer - HSA 66 -
50cm - Tool

RRP

\$429.00
(incl. GST)

Handy, lighter and quiet 36V battery hedge trimmer with an optimised cutter bar. The EC (electronic controlled) motor allows constant high level motor speed, even under heavy loads, longer running times and life of the machine are achieved due to the brushless motor technology. Ideal for use in home gardens and in noise sensitive areas.

Technical Details

Weight, excluding battery kg	3.1
Battery technology	Lithium-Ion
Overall length cm	103
Tooth spacing mm	30

Features

Standard

EC-Motor

The maintenance-free brushless EC motor guarantees a longer running time in operation as well as an increased service life of the device. The motor is controlled via the new STIHL EC electronics, which detects loads caused by thick branches, for example, and will re-adjust the motor speed so that the number of strokes always remains constant during the cut. Optimised gear with overload protection for more stability.

Two handed design

The tool is easily started by activating both switches on the loop handle and the rear handle at the same time. The cutting speed is continuously variable using the rear control – for a fine and precise cut. Especially practical: the two handed design is suited for both left-handed and right-handed users.

Variable speed control and ergonomic loop handle

The ergonomic loop handle is ideal for working in any direction and ensures strength-saving work over longer periods.

Blade tip protector

The tip protector comes as standard and makes cutting near the ground or along walls easier while protecting the special cutters from damage.

Functional design

The engine housing has smooth surfaces and round contours. That prevents things from catching on the tool or from it getting caught on branches. The hedge trimmers resist soiling and are easy to clean.

Blade cover

Protects the cutting blade for safe storage and transport of the hedge trimmer.

Hanging eye

The hedge trimmers can also be conveniently hung up on the wall with the practical hanging eye.

PLEASE NOTE: Reserving STIHL Products

These products can be reserved online with no obligation and picked up at your local STIHL Dealer. As your satisfaction is of particular importance to us, we provide you with extensive in-store personal instruction including safe handling plus professional advice and service to ensure you get the most out of your STIHL purchase. * Sale price and availability may vary from store to store.

**Battery - AP 100**

Compatible with the STIHL 36V AP Battery Range. Light weight 36v Lithium-Ion battery with charge level indicator (four LEDs). 94 Wh battery energy, weight 0.8 kg.

\$219.00[Contact Us for Price and Availability](#)**Battery Charger - AL 300 - Quick**

Quick charger for STIHL Lithium-ion batteries. With operating mode indicator and integral air cooling. The AL 300 quick charger takes 75 minutes for 100% charge of AP 300 battery. Rated voltage: 240 V.

\$169.00[Contact Us for Price and Availability](#)**Battery Accessory - Battery Storage Box - Large**

Keeping your AP (handheld) or AR (backpack) batteries and charger safe, secure and easy to transport is now possible thanks to the 2 new battery boxes. Intelligent design that stacks with all other L-boxx systems and accessories.

\$110.00[Contact Us for Price and Availability](#)**Safety Glasses - Vision - Clear**

Very light glasses with a sporty design. Large lenses with 100% UV protection. Scratch-resistant exterior and interior. Certified to AS/NZS 1337.1

\$13.00[Contact Us for Price and Availability](#)**Battery - AP 200**

Compatible with the STIHL battery power system. Very powerful 36V lithium-ion batteries with charge level indicator (four LEDs). Available with

different energy capacities. 151 Wh
battery energy, 1.3 kg.

\$259.00
