STIHL's top selling HS 45 hedge trimmer just got even better. Packed full of familiar features such as anti-vibration, upright re-fuelling, single side diamond sharpened cutters. These machines are the perfect tool for trimming and shaping hedges around the home.

Technical Details

Blade Length mm	450-600
Displacement cm ³	27.2
Weight kg ¹⁾	4.7-5
Tooth spacing mm	30
Tank volume ml	225

¹⁾ Without fuel, complete

Features

Standard

STIHL Anti-vibration system

Precisely calculated spring elements dampen down vibrations from the engine to a minimum, reducing fatigue. Image shows HS 81.

Double-sided blade

Dual ground blade system provides a clean cut. Excellent for cutting stronger, thicker branches.

Electronic ignition module

This ensures reliable starting and trouble-free running. The ignition system is fully encapsulated and thus proof against damp and dirt.

Manual fuel pump (Purger)

A small fuel pump delivers fuel to the carburettor at the touch of a button. This reduces the number of starting strokes required from a cold start.

Accessories

SuperClean Resin Solvent - 300ml

Cleans and lubricates in one. The graphite and lubricating mineral oil based cleaner is ideal for cleaning cutting attachments, hedge trimmer blades and chainsaws. Specially designed for stopping resin gluing to blades and to protect against rust. Application: spray the cutting tools after each use.
