Tank volume ml	340

¹⁾ Weight excluding fuel, cutting tool and guard

²⁾ K-factor according to DIR 2006/42/EC = 2.5 dB (A)

³⁾ Without cutting tool

Features

Standard

STIHL 2-MIX Engine

The 2-MIX engine features an advanced stratified charge system that boosts power, whilst reducing consumption and pollution, significantly lowering unburned hydrocarbons in the exhaust. The result is a cleaner, more fuel efficient engine.

Simplified starting system

Simply Set the choke, pump the fuel primer, pull the starter cord and away you go! The running machine then switches off after a brief press of the stop button. Once the machine is at a standstill, the ignition activates again automatically. Thus the ignition is always ready for starting.

Loop handle (R)

The loop handled grass trimmers and brushcutters are ideal for working in areas where space is limited, e.g. thinning between bushes and shrubs.

Multi function handle

All the engine controls are at your fingertips, allowing easy and safe operation.

Accessories

PLEASE NOTE: Reserving STIHL Products
