Technical Details

Displacement cc	37.7
Power output kW/hp	1,7/2,3
Weight kg	7
Standard Cutter Blades	Brush knife 250-3
Displacement cm³	37.7
Power output kW	1.7
Weight kg ¹⁾	6.9
Sound pressure level with plastic tool dB(A) ²⁾	100
Sound pressure level with metal tool dB(A) ²⁾	98
Sound power level with metal tool dB(A) ²⁾	109
Sound power level dB(A) ²⁾	111
Total length cm ³⁾	1805
Cutting diameter mm	420
Tank volume ml	750

¹⁾ Weight excluding fuel, cutting tool and guard

²⁾ K-factor according to DIR 2006/42/EC = 2.5 dB (A)

³⁾ Without cutting tool

PLEASE NOTE: Reserving STIHL Products

These products can be reserved online with no obligation and picked up at your local STIHL Dealer. As your satisfaction is of particular importance to us, we provide you with extensive in-store personal instruction including safe handling plus professional advice and service to ensure you get the most out of your STIHL purchase. * Sale price and availability may vary from store to store.

Features

Standard

STIHL 2-MIX Engine

The 2-MIX engine features an advanced stratified charge system that boosts power, whilst reducing consumption and pollution, significantly lowering unburned hydrocarbons in the exhaust. The result is a cleaner, more fuel efficient engine.

STIHL Anti-vibration system

The STIHL anti-vibration system is available in a one-point version for smaller models and in an especially effective four-point version for larger machines starting with the STIHL. It reduces handle vibration for easy and comfortable operation.

Ergonomic bike handle

When used in conjunction with a harness, the bike handle enables a smooth mowing action. Ideal for working on large areas and allows the machine to be easily guided, thus reducing fatigue.

Multi-function control handle

All the engine controls are at your fingertips, allowing easy and safe operation.

Tool free handle adjustment

The central wing nut enables easy adjustment without the use of tools. For transportation and space-saving storage the handle can be rotated through 90°.

Accessories

Universal Harness - Standard

For strength-saving mowing and shredding. Ergonomic, comfortable, light, can be combined with the chest belt and tool bag.
