

BG 56

STIHL BG 56 Blower

Blower with excellent power-to-weight ratio. Quickly clears leaves and grass cuttings from any surface. Round nozzle, 2-MIX engine, stop button.

Product

Petrol Blower - BG 56

RRP

\$329.00
(incl. GST)

Technical Details

Displacement cc	27.2
Max. Air Throughput m ³ /h ¹⁾	730
Weight kg ²⁾	4.1
Blowing force N ³⁾	13
Tank volume ml	540
Max. air speed m/s	71

¹⁾ without attachment

²⁾ In the blowing operation

³⁾ Combination of air speed and air throughput

Features

Standard

STIHL 2-MIX Engine

The 2-MIX engine features an advanced stratified charge system that boosts power, whilst reducing consumption and pollution, significantly lowering unburned hydrocarbons in the exhaust. The result is a cleaner, more fuel efficient engine.

Manual fuel pump (Purger)

A small fuel pump delivers fuel to the carburettor at the touch of a button. This reduces the number of starting strokes required from a cold start.

Multi-function control handle

This houses all the engine controls. Easy, comfortable thumb-operated control means the operator's hand never leaves the handle.

HD2-Filter

The HD2 air filter made of polyethylene has significantly finer pores than foam filters, this filters even the finest dust. In addition, the new HD2 filter can be cleaned easily. This means that the filter will last longer over the entire service life of the machine under normal conditions.

Optional

STIHL ElastoStart

This standard or retrofitted starter grip allows smooth starting without abrupt power Peaks, making starting the machine considerably easier.

Accessories

Varioclean - 500ml

PLEASE NOTE: Reserving STIHL Products

These products can be reserved online with no obligation and picked up at your local STIHL Dealer. As your satisfaction is of particular importance to us, we provide you with extensive in-store personal instruction including safe handling plus professional advice and service to ensure you get the most out of your STIHL purchase. * Sale price and availability may vary from store to store.

Multipurpose biodegradable machine and parts cleaner. Water based, biodegradable, alkaline detergent specifically for dissolving and removing organic oil residues and for cleaning air filters and housings.
