

SH 56 C-E

STIHL SH 56 C-E Vacuum Shredder

Vacuum Shredder with great vacuum power and shredding performance. , ideal for clearing fallen leaves, grass trimmings and other garden debris in domestic applications. Comes with blower function as standard.

Product

Petrol Vacuum Shredder - SH 56 C-E

RRP

\$399.00
(incl. GST)

Technical Details

Displacement cm ³	27.2
Weight kg ¹⁾	5.2
Maximum air flow m ³ /h	730
Tank volume l	540.00
Max. air speed m/s	71

¹⁾ Weight excluding fuel, fully assembled

Features

Standard

STIHL 2-MIX Engine

2-stroke engine with stratified charge: During the flushing process a fuel-free layer of air is created between the burned charge in the combustion chamber and the fresh charge in the crankcase. This cushion reduces the amount of fuel lost in flushing discharge during the charge cycle. The result? More power with a lower weight, up to 20% lower fuel consumption than regular 2-stroke engines and significantly reduced exhaust emissions.

STIHL Easy2Start (E)

Easy starting with less effort due to an additional spring between the crankshaft and the rope rotor. A smooth pull on the starter rope tensions the spring against the compression resistance of the engine. The jerks are not transmitted to the rope. The spring automatically transmits the stored energy to the crankshaft, causing it to turn and ensuring reliable starting of the engine.

Multi-function control handle

This houses all the engine controls. Easy, comfortable thumb-operated control means the operator's hand never leaves the handle.

Manual fuel pump (Purger)

A small fuel pump delivers fuel to the carburettor at the touch of a button. This reduces the number of starting strokes required from a cold start.

HD2-Filter

The HD2 air filter made of polyethylene has significantly finer pores than foam filters, this filters even the finest dust. In addition, the new HD2 filter can be cleaned easily. This means that the filter will last longer over the entire service life of the machine under normal conditions.

Accessories

Oil - 2 Stroke - HP Ultra - 1L

PLEASE NOTE: Reserving STIHL Products

These products can be reserved online with no obligation and picked up at your local STIHL Dealer. As your satisfaction is of particular importance to us, we provide you with extensive in-store personal instruction including safe handling plus professional advice and service to ensure you get the most out of your STIHL purchase. * Sale price and availability may vary from store to store.

Fully synthetic oil with exceptional lubrication properties. Burns with extremely low residue due to ash-free additive. Suitable for continuous use under the most demanding engine conditions. Performance class: JASO-FB, ISO-L-EGB. Fuel/oil ratio 1:50.

MotoMix - 1L - Tin

Available at participating stores. Ready-mixed fuel (50:1) for all STIHL engines, optimal performance, best cold start ability, maximum acceleration over the entire RPM range, best running characteristics even with a sudden gas change. Mixed with STIHL HP ultra premium oil for exceptional engine lubrication and extreme cleanliness, fully synthetic and biodegradable for optimal performance and long service life. User- and engine-friendly thanks to fewer emissions (free from ethanol; almost no olefins and aromatic compounds). Can be kept in storage for at least two years. Reliable top performance – STIHL engines and STIHL MotoMix are made for each other, all imaginable uses have been put through rigorous tests.
