

BR 800 C-E MAGNUM®

Our biggest, baddest and most powerful backpack blower

To tackle large properties and heavy debris, there is nothing like the clean-up power of the BR 800 C-E MAGNUM®. The most powerful backpack blower in the STIHL line offers maximum blowing force as well as optimal comfort. Ideal for professional landscapers, it features a multi-function control handle allowing users to effortlessly access all the controls on one comfortable handle. This blower completes tasks with 20% more power than the BR 700, and can be hung for storage. Its telescopic tube is easily adjustable for various user heights without the use of tools. The BR 800 C-E MAGNUM® also features a starting handle on the side of the unit, allowing users to start and restart the engine while continuing to wear the blower on their back, and a one-touch stop switch that can turn off the engine with the simple press of a button.

Product

BR 800 C-E Z Backpack Blower

RRP

\$1,199.00
(incl. GST)

¹⁾ Weight excluding fuel, fully assembled²⁾ Combination of air speed and air throughput³⁾ Without blower attachment/nozzle

Features

Standard

STIHL Easy2Start™

The STIHL Easy2Start™ system makes starting STIHL® outdoor power tools almost effortless, eliminating the need for a strong pull of the starting cord. This advanced starting system is designed to make starting STIHL® products fast and easy. The specific system may vary by model, but in each case, a quick pull overcomes the engine's compression to minimize the strength and effort required to start. Available on selected products.

Blower tube with adjustable length

The blower tube can be fully adjusted to the size of the user or to suit the job.

Tool-free adjustment of the handle position

The handle position can be quickly changed without any tools for an optimal fit with the size of the user.

STIHL Antivibration System

The STIHL anti-vibration system helps reduce operator fatigue and provides a more comfortable working experience.

Multi-function control handle

This houses all the engine controls. Easy, comfortable thumb-operated control means the operator's hand never leaves the handle.

PLEASE NOTE: Reserving STIHL Products

These products can be reserved online with no obligation and picked up at your local STIHL Dealer. As your satisfaction is of particular importance to us, we provide you with extensive in-store personal instruction including safe handling plus professional advice and service to ensure you get the most out of your STIHL purchase. * Sale price and availability may vary from store to store.

STIHL 4-MIX Engine

You can always rely on STIHL to keep setting new benchmarks this time with 4-stroke mixed lubrication technology. The STIHL 4-MIX engine, which runs on a fuel-oil mix just like a 2-stroke, offers the benefits without the compromises of 4-stroke power. STIHL 4-MIX engine technology provides fast acceleration, more power, added torque, lower noise, reduced emissions and increased fuel efficiency to complete jobs quickly, quietly and more easily.
