| Rated Voltage V/Hz | 240 |
| High Pressure Hose m | 7 |
| Power cable length m | 5 |
| High-pressure hose length m | DN6 - 7 |

¹⁾ Maximum pressure system

Features

Standard

Rotary nozzle

Powerful rotary nozzle for tackling stubborn dirt on hard-wearing surfaces. The rotary motion combines the cleaning power of a concentrated pencil jet with the capacity to clean large areas.

Fan jet nozzle, adjustable pressure

Fan jet nozzle with pressure regulation to clean different types of surfaces quickly and effectively.

Practical storage compartment

The storage compartment on the side of the tool provides several options for the practical and protected storage of the nozzles and power cable.

Cable hook

The two cable hooks allow the cable to be wound up and stored neatly and securely on the tool. The rotatable orange cable hook enables release of the entire cable in one go – gone are the days of tedious unwinding.

Induction motor

The sturdy, brushless induction motor offers superb performance and long service life.

PLEASE NOTE: Reserving STIHL Products
